

CPP Preparation courses

Evening Classes

upside
of risk

Why CPP?

The Certified Protection Professional is considered the “gold standard” certification for security management professionals and demonstrates your knowledge and competency in seven key domains of security.

- Security Principles and Practices
- Business Principles and Practices
- Investigations
- Personnel Security
- Physical Security
- Information Security
- Crisis Management

Globally recognized as the standard of excellence for security management professionals.

Why Upside of Risk?

- Over 15 years of experience in training course design
- Trainers have decades of practical and didactical experience
- Intake, personalized study plan
- Accelerated learning
- Small groups (up to 10 participants) with nice peer interaction
